

004790 AutopStenhoj Maestro 2.50 NxT Two Post lift (5 Tonne)

UPLIFTING COMPANY
AUTOP STENHOJ

Made In Denmark

The Maestro 2.50 NxT is a new addition to our highest quality range of vehicle lifts.

This premium quality two post lift, with its overhead portal connection and high lifting capacity, is a real all round solution for all your workshop needs.

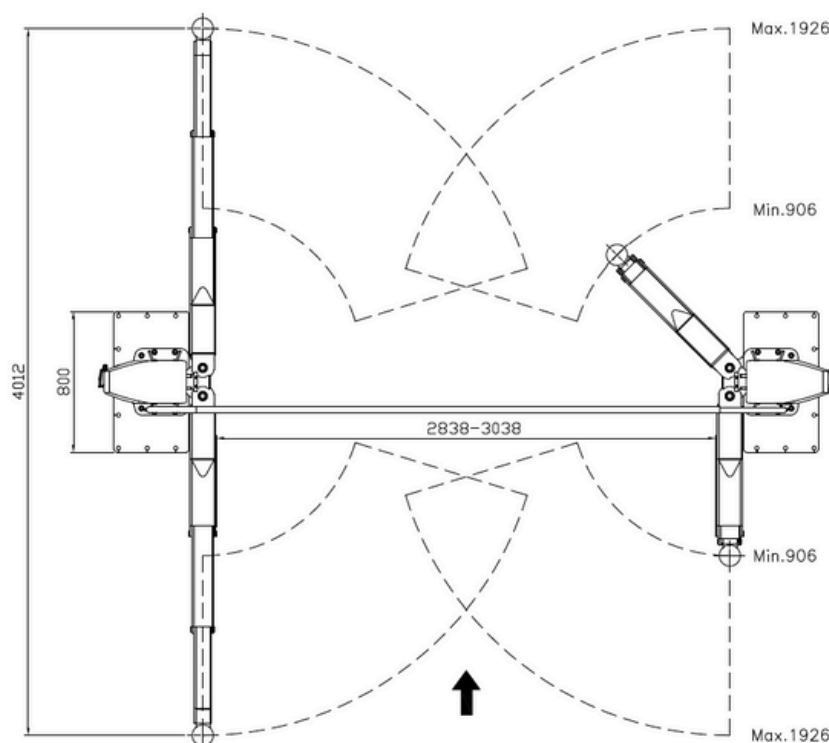

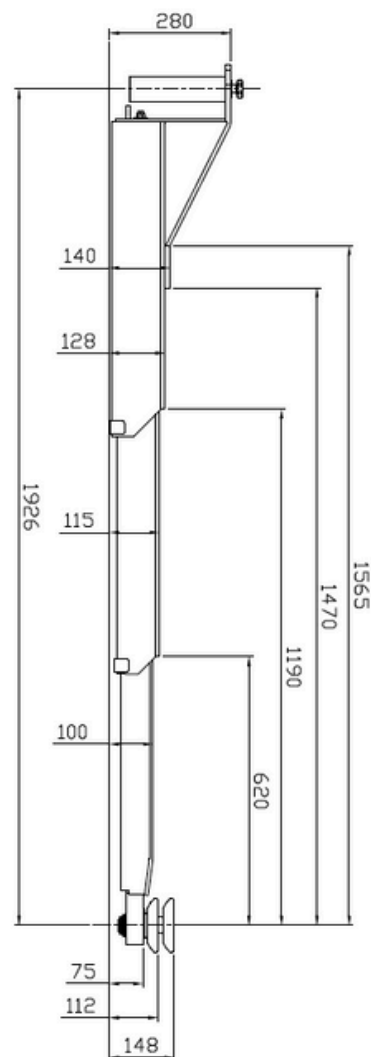

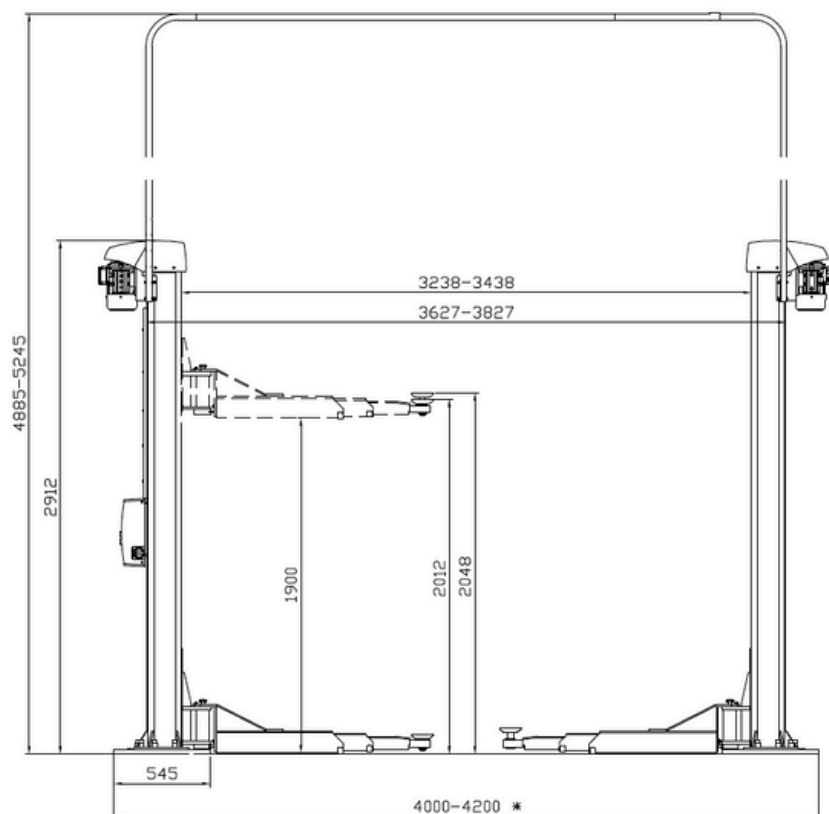

The welded and symmetrically positioned columns are ideal for lifting large and heavy vehicles, up to a maximum of 5 tonnes, even with difficult lifting points. The universal lifting range allows all vehicles to be lifted safely, from small cars to long-wheelbase vans. Suitable for lifting low vehicles due to the flat swivel arm design and newly designed base plate.

- 5 tonne lifting capacity
- 98mm minimum height
- 2000mm-2045mm maximum height
- 55 seconds lifting and lowering time
- 2838mm - 3038mm drive through width
- 906-1926mm front arm length min/max
- 906-1926mm rear arm length min/max
- 2x 2.8kW motor size
- Electro - mechanical operation
- 3 Phase
